## Top Class C Teams To Lose Many Stars This Season

With the 1957-58 basketball season all but over for all but a few chosen teams who will advance to state competition, many athletes of the Northern Michigan Class C league who have made names for themselves and their teams on the hardwoods will be making their final appearances as high school stars.

Hardest hit by graduation will be the league champions, Boyne City, Harbor Springs and Manistota, who will lose all, or nearly all their starting line-ups. Gaylord and Pellston will lose mainstays from their starting fives, while Grayling will lose two and Cadillac one.

At Boyne City Coach Paul Pihl is counting among his losses by graduation the all-around athlete, Carl Charon along with Steve Williams, Bob Christensen, Doug Newville and Rick Casper from the regular starters and Jerry Green, Jim Camburn and Jack Hartwell from the bench. Only regular returning will be guard George Shioleis who was a starter until Williams returned to the line-up last month.

The Harbor Springs Rams who finished in second place will lose the line-up that gave them such a successful season. This includes Richie Clarke, Pete Graham, Bob Lauer, Allen Aldering and Dean Barnfield, all starters and Randy Lauer, Sam Gokee and Jack Meyer from the bench. Ken Garver is the only regular who is a junior.

Manistota's losses are equally as great. Among the list of seniors are John Phillips, Dexter Bailey, Dick Holstad and the Johnson brothers, Ron and Bob. Jerry Biehl is the only returnee with a year left. He served as a first line substitute all season and started when someone was ill.

Pellston is counting among his losses the team captain, Ray Durkalec, Jack Schmalzried, Dwayne Johnston, Allen Ball, Charlie Ball and Basil Naganashe. All but the latter are seniors. Naganashe will be 19 before the season opens next season and therefore will be ineligible.

At Grayling Coach Bruce Smith is counting one regular, Don Roberts, and Wayne Winston, a transfer student, who has acted as a starter and on occasion has started, among his only losses. Returning for another year will be Frank Gross, a freshman, Roger Hatfield, a sophomore, and Jack Hull and Oscar Morning, juniors.

Coach Gayle Saxton of East Jordan is losing Gene Richards, who sparked the Red Devils' play this season, along with two others, Glenn Kowalski and Terry Healy, to the squad during the second semester, among his only losses. Returning for another year will be Frank Gross, a freshman, Roger Hatfield, a sophomore, and Jack Hull and Oscar Morning, juniors.

The versatile Bob Mol is the only senior on the Charlevoix Rayder squad. He has started in the forward slot and the guard position and on occasion has doubled at center. On a team that has lacked experience, he has served as a mainstay when the going was rough. Returning from this year's line-up will be Ron Johnson and Bill Fogette, juniors who have been starting regularly along with Joe Beaudoin who was moved up from the reserves earlier in the season and Dave Howard who has been up only three weeks. Both Beaudoin and Schuchard are sophomores. Others who will be back are John Bingham who has been out of the line-up with a back injury, Steve LaBlanc, Scott Supernaw, Mike Genett, Ron Balch, Rod Ostrum and Bruce Pease. Balch and Pease are sophomores. The others are juniors.

With the Lenten Season more than half over, all preparations for the Easter Season are in full gear. Sunday was Day of Decision when the chancel was crowded with adults, youths and children, who by this act testified to their faith and their desire to lead a more consecrated Christian life.

An item of major interest at the church school staff meeting last Tuesday was the resignation of Mrs. Thomas Haugh, treasurer and general secretary of the church school. After eight years of conscientious and efficient service to the church school, Mrs. Haugh has asked to be relieved of her very arduous tasks as of April 1. Much of the phenomenal growth of the Sunday school, both in numbers and in expanded program these past years, is due directly to the untiring efforts of Mrs. Haugh in a highly responsible post. As she leaves it, she merits a hearty and sincere "Well done!"

## What The Superhighway Means . . .

A great deal of fear, business-wise, has been produced by the announcement some months back of the five-year program for the Michigan highways which included a limited access superhighway through Crawford County.

Many of those fears were dispelled at a panel discussion held by the Crawford County Motel and Resort Association last week. Among the points made, which would bolster the feelings of those in business to serve a tourist such as motels, restaurants, service stations, etc., etc., was the estimate that present US-27 carries about 1,000 cars per hour during the heavy rush weeks of the season and that the figure has been revised upward to 20 to 24,000 cars per hour during the same periods on the new highway. Another factor brought it was — no business establishments will be allowed on the new highway. People traveling on it must get their food, lodgings, gasoline and other needs.

Grayling and Crawford County will be served by several interchanges and ramps which will allow traffic to easily flow off the superhighway for services. However, the problem does not end there. The new highway will bring more people by us . . . but it is going to be up to us to tell those people on stopping here . . . and staying here. It is your job and mine . . . it is everyone's task.

We see the new highway not as a threat or as a panacea . . . but as a challenge. What it brings to our area will be determined on what YOU want to do about it.

R. W. S.

## About A Dishpan . . .

The following editorial is from the Cleveland, Ohio, Plain Dealer:

"Get a load of this, folks. The government has got out a pamphlet on 'Tools for Food Preparation and Dishwashing'. And it contains some information we'll let you never thought of such as 'Dishpans should be large enough to hold the dishes but not too large for the sink.'"

"Well, what do you know? For years we had a dishpan that wouldn't hold the dinner plates and when we got a new one it was too big to fit in the sink. Now thanks to this advice from Washington, we'll go right out and buy an in-between-size dishpan and see how that works. We never would have solved the problem ourselves. And when it comes time to pay our income tax next year we'll be especially grateful to the bureaucrat who thought this up."

## WHY NOT LOOK AT IT LIKE THIS

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

March 28, 1935

During the past week Augustus Funch, well-known contractor, completed the first test well for the new waterworks system and sunk the 8 inch casing for the second well a distance of twenty-two feet below the ground. Tests made on the test well indicate that a plentiful supply of water will be available since the sand encountered is very apparently of the water bearing variety. The test well was driven fifty-three feet below the ground and samples of sand were taken at five foot intervals and analyzed to determine the size of screens necessary for the permanent installation. A sample of water from this well was sent to the State Department of Health for bacteriological examination and word was received from them on Tuesday that the well showed no signs whatever of contamination and was in all respects fit for drinking. The eight inch casing in the second well will be driven thirty feet below ground this week and samples of sand obtained for an additional twenty feet, after which the casing will be driven in the first well and the screen installed. This work is subject to frequent delays while ordering screens and will probably not be completed until late in April. In all probability construction of foundations for the elevated tank will be under way by the latter part of next week. It is planned to bring the distribution system up-to-date by means of an elevated storage tank of 100,000 gallons capacity and a complete circuit of mains with sufficient valves and appurtenances so that in case repairs are necessary to any part of the mains they can be made without stopping the supply of a large portion of the town. In the past this has caused inconvenience to nearly all users of water and we are glad that the new installation will allow us 24 hours use a day for 365 days of the year.

The American Legion Bugle and Drum Corps met Monday evening at the High School gym for drilling and had a real workout. The boys are now realizing that it means work to get a corps in shape to play on the streets of any city so that the people will be satisfied. The playing of bugles and drums is only a minor detail compared to the marching and maneuvers for street work.

Carl Hanson filled a fast one on some of the snail fishermen at Boyne City Monday night when he held a big basket into which the dippers dumped their catches thinking, probably, that he was one of their own party, and Carl came away with a bushel of snail that were intended for someone else. But there were plenty of snail for everyone and nobody was deprived, for the stream was literally alive with the silver hoard.

Mrs. Celia Granger was very agreeably surprised last Thursday night with a party given on her birthday by her daughters. Twenty-eight persons spent a very enjoyable evening together. Pinnole prizes for the men went to A. J. Trudeau and Fred Lamm. The ladies prizes were taken by Mrs. Mallingier and Ruth Corwin. The group presented Mrs. Granger with a beautiful centerpiece in remembrance of the occasion.

The walls of the school gymnasium are lined with reproductions of rare old paintings—148 to be exact, that are certainly worth seeing. The art exhibit which opened last Tuesday will be held during this week only, and may be seen upon paying a small admission fee of 10c. The gym is open until 5 o'clock every night and those who appreciate the finer arts should not miss the opportunity to see these rare old masterpieces. ### CHEVY'S NEW V8 LEVELS THE HIGHEST, HARDEST HIGHWAY OVER THE ANDES!

To prove the durability of Chevrolet's radical new Turbo-Thrust V8,\* the tremendous flexibility of the new Turboglide transmission,\* the incredible smoothness of Full Coil suspension, we tackled the most challenging transcontinental road in the world — the 1,000-mile General San Martin Highway. To make it harder, the Automobile Club of Argentina sealed the hood shut at Buenos Aires — no chance to add oil or water or adjust carburetors for high altitude.

So the run began — across the blazing Argentine pampas, into the ramparts of the forbidding Andes. Up and up the road climbed, almost 21 miles in the sky! Drivers gasped for oxygen at 12,572 feet — but the Turbo-Thrust V8 never slackened its torrent of power, the Full Coil springs smothered every bump, the Turboglide transmission made play of grades up to 30 percent. Then a plunge to the Pacific at Valparaiso, Chile, a quick turn-around and back again. Time for the round trip: 41 hours 14 minutes — and the engine was never turned off!

General of the State of Michigan, for and in behalf of said State, No. 440  
On reading and filing the petition of the Auditor General of the State of Michigan praying for a decree in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on said parcels of land and that said parcels be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition be brought on for hearing and decree at the April term of this Court, to be held at Grayling in the County of Crawford, State of Michigan, on the 8th day of April, A. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by said decree, on the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto, as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the County seat of the County of Michigan; and that the sale of said parcels shall be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will buy the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be sold as one parcel of land and cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the day of sale, be resold, and if, on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.
